Applicants filed a Response to Office Action Dated June 9, 2003 by facsimile on December 9, 2003. This response included a written request for a three month extension of time and an authorization to charge the deposit account for any fees due. Applicants submit that the request and authorization in the response completely satisfy the requirements of MPEP 710.02(e), which states that the requirements of 37 CFR 1.136(a)(3) for obtaining an extension of time are satisfied and timely when the Applicants include "an authorization to charge all required fees, fees under 37 CFR 1.17, or all required extension of time fees" because such request will be treated as a constructive petition for an extension of time in any concurrent reply requiring a petition for an extension of time under 37 CFR 1.136(a).

Nonetheless, the Examiner has brought to the attention of the Applicants the possibility that the request may be overlooked. At the request of the Examiner and merely to prevent confusion should the timely filed request be overlooked, Applicants are submitting this cover letter and the attached Petition for Extension of Time. This petition should be matched with the Response to Office Action Dated June 9, 2003 and, as requested in the response, all required fees should be charged to the deposit account listed in the response (Deposit Account 50-0912).

Respectfully submitted,

By: William D. Hare
